jacquard

One of the more festive winter fashion trends we love is the reemergence of jacquard fabrics. The texture, shine, and colors scream holiday cheer, and when you get it right, it's absolutely stunning!

FANCY

Denim has probably been in fashion since the day it was invented. Denim can be sexy or elegant, edgy or tough – all depends on the fashion season and the character of the wearer. For Fall/ Winter 2016 designers have left a lot of great styles behind but they do offer us a few really wonderful ones instead.
